Education pays twice the national median.

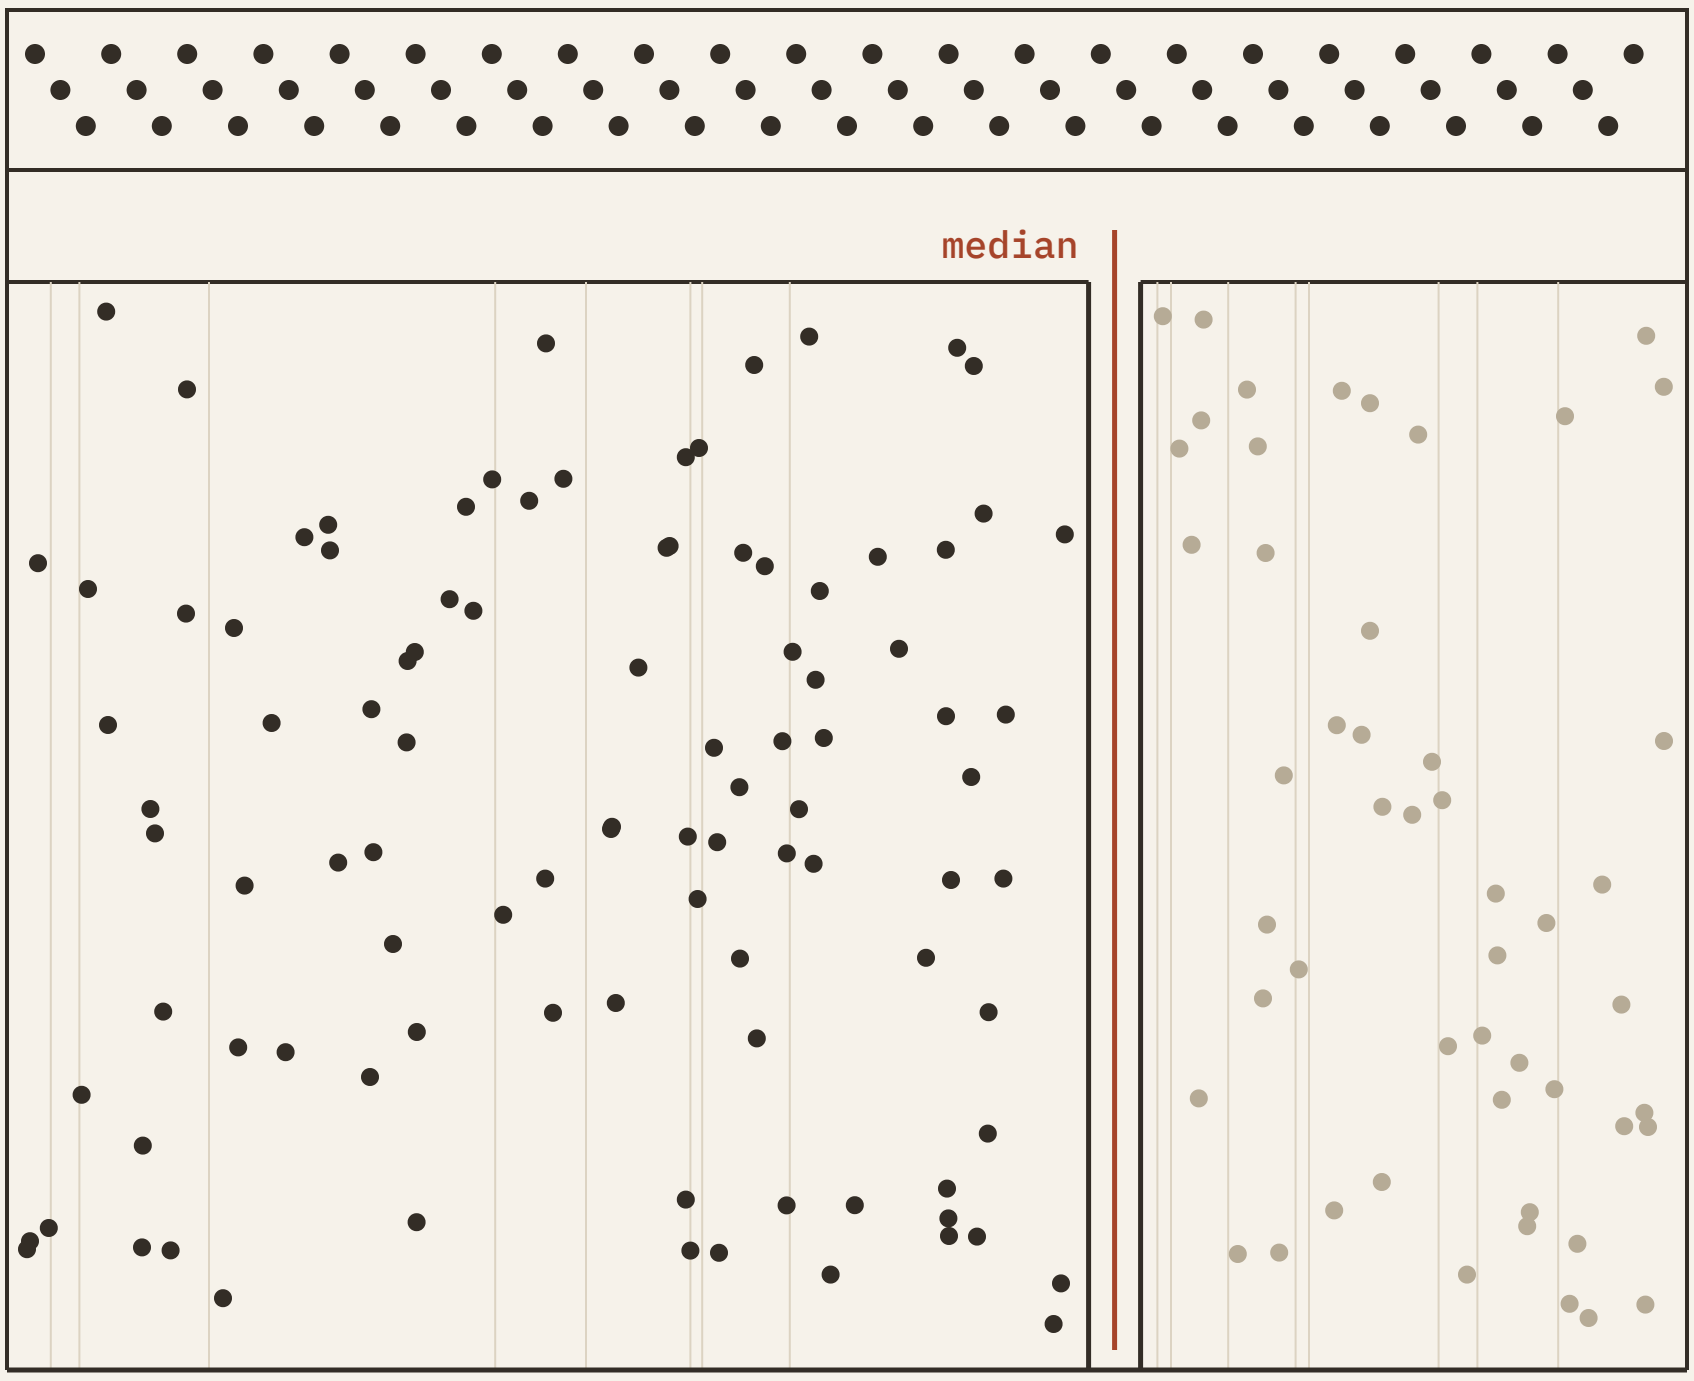

Median monthly wage, DOSM Salaries and Wages Survey. National median RM2,940.

CAPTION BAND · BURNED IN AT DELIVERY

The lift climbs from the national median to the education median.

Two in three workers are in an industry that pays below the median.

65.8%
of all employees

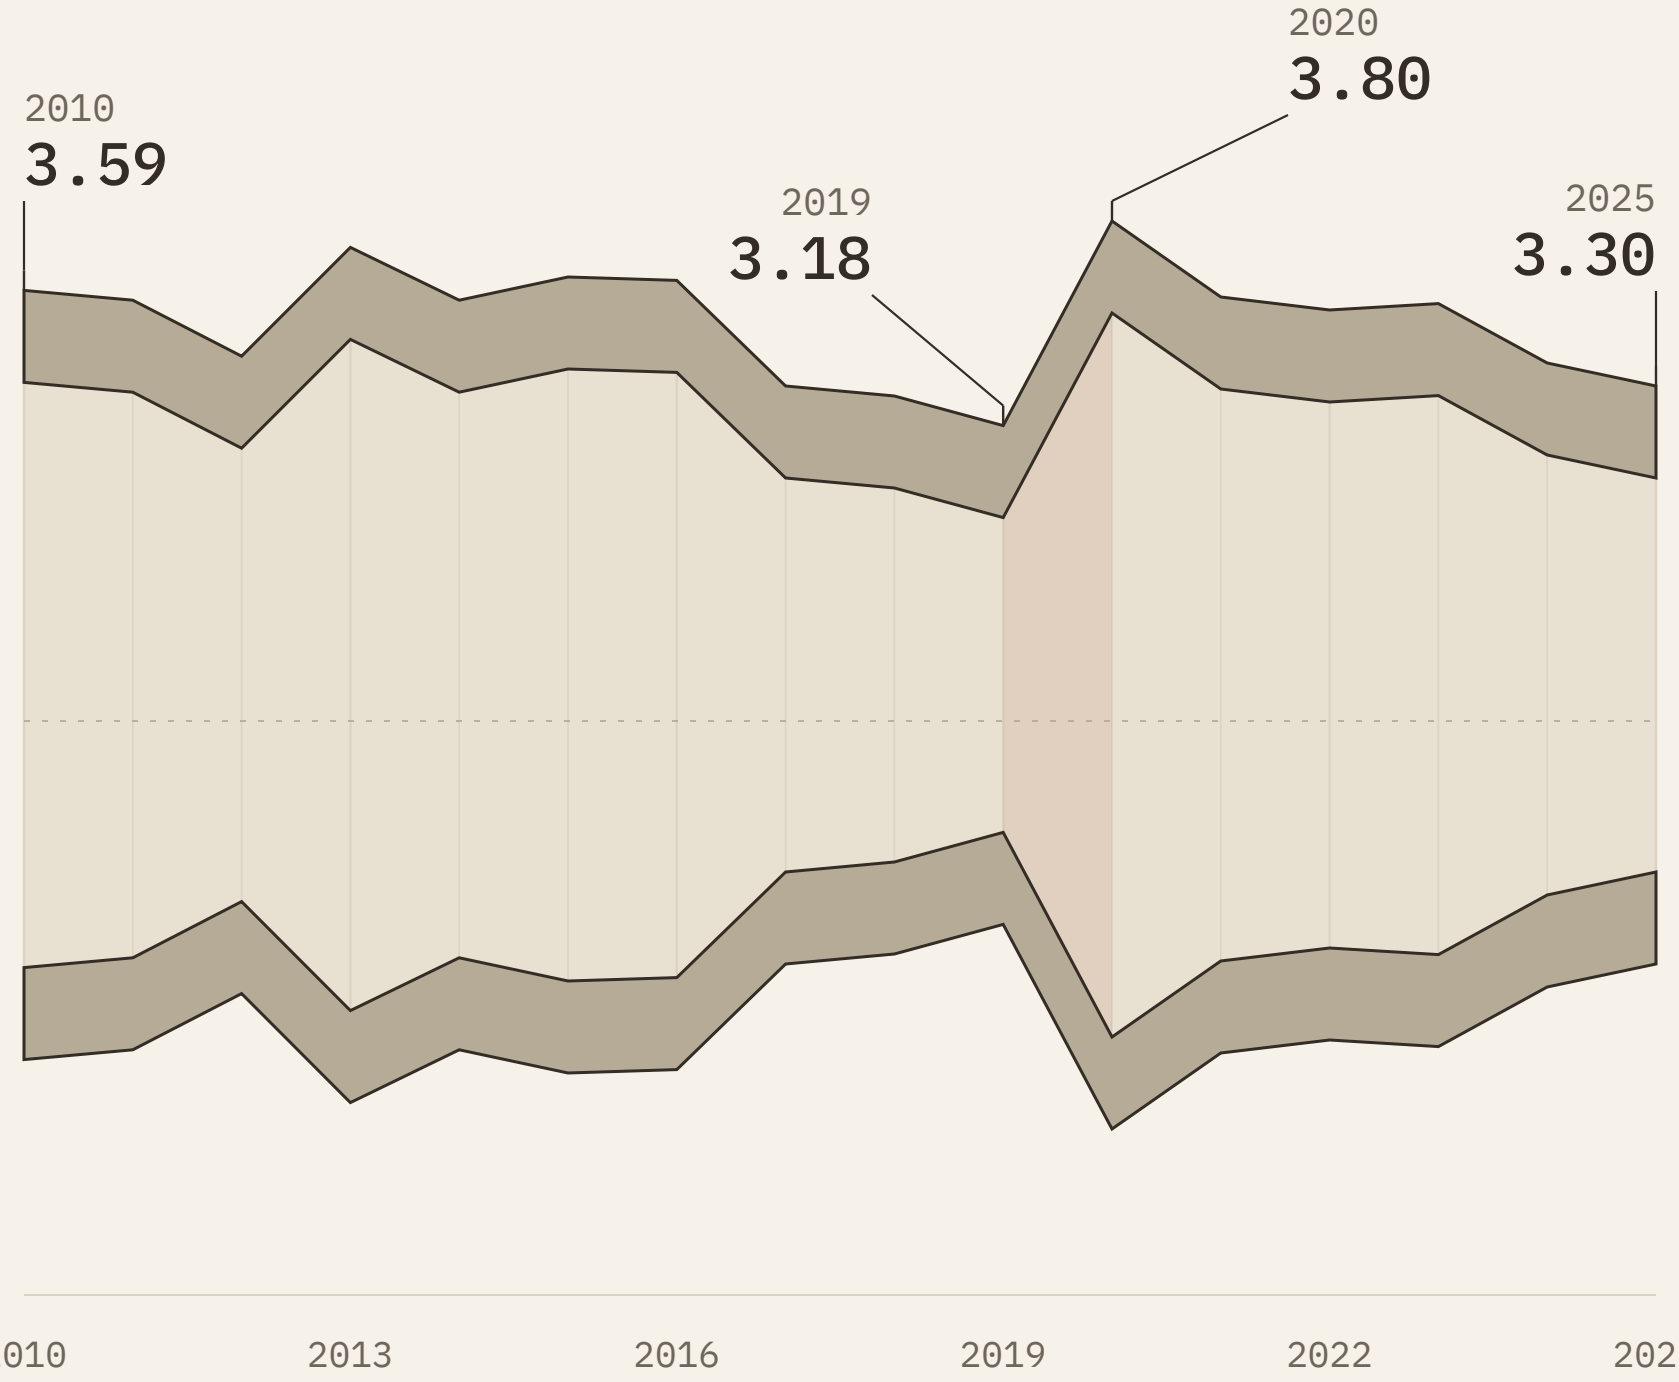

34.2%
above the median

Share of employees by industry, DOSM 2025. 65.8% in industries below the national median.

CAPTION BAND · BURNED IN AT DELIVERY

The workforce forks at the median. Most of it goes left.

It narrowed for a decade, broke in 2020, and never got back to 2019.

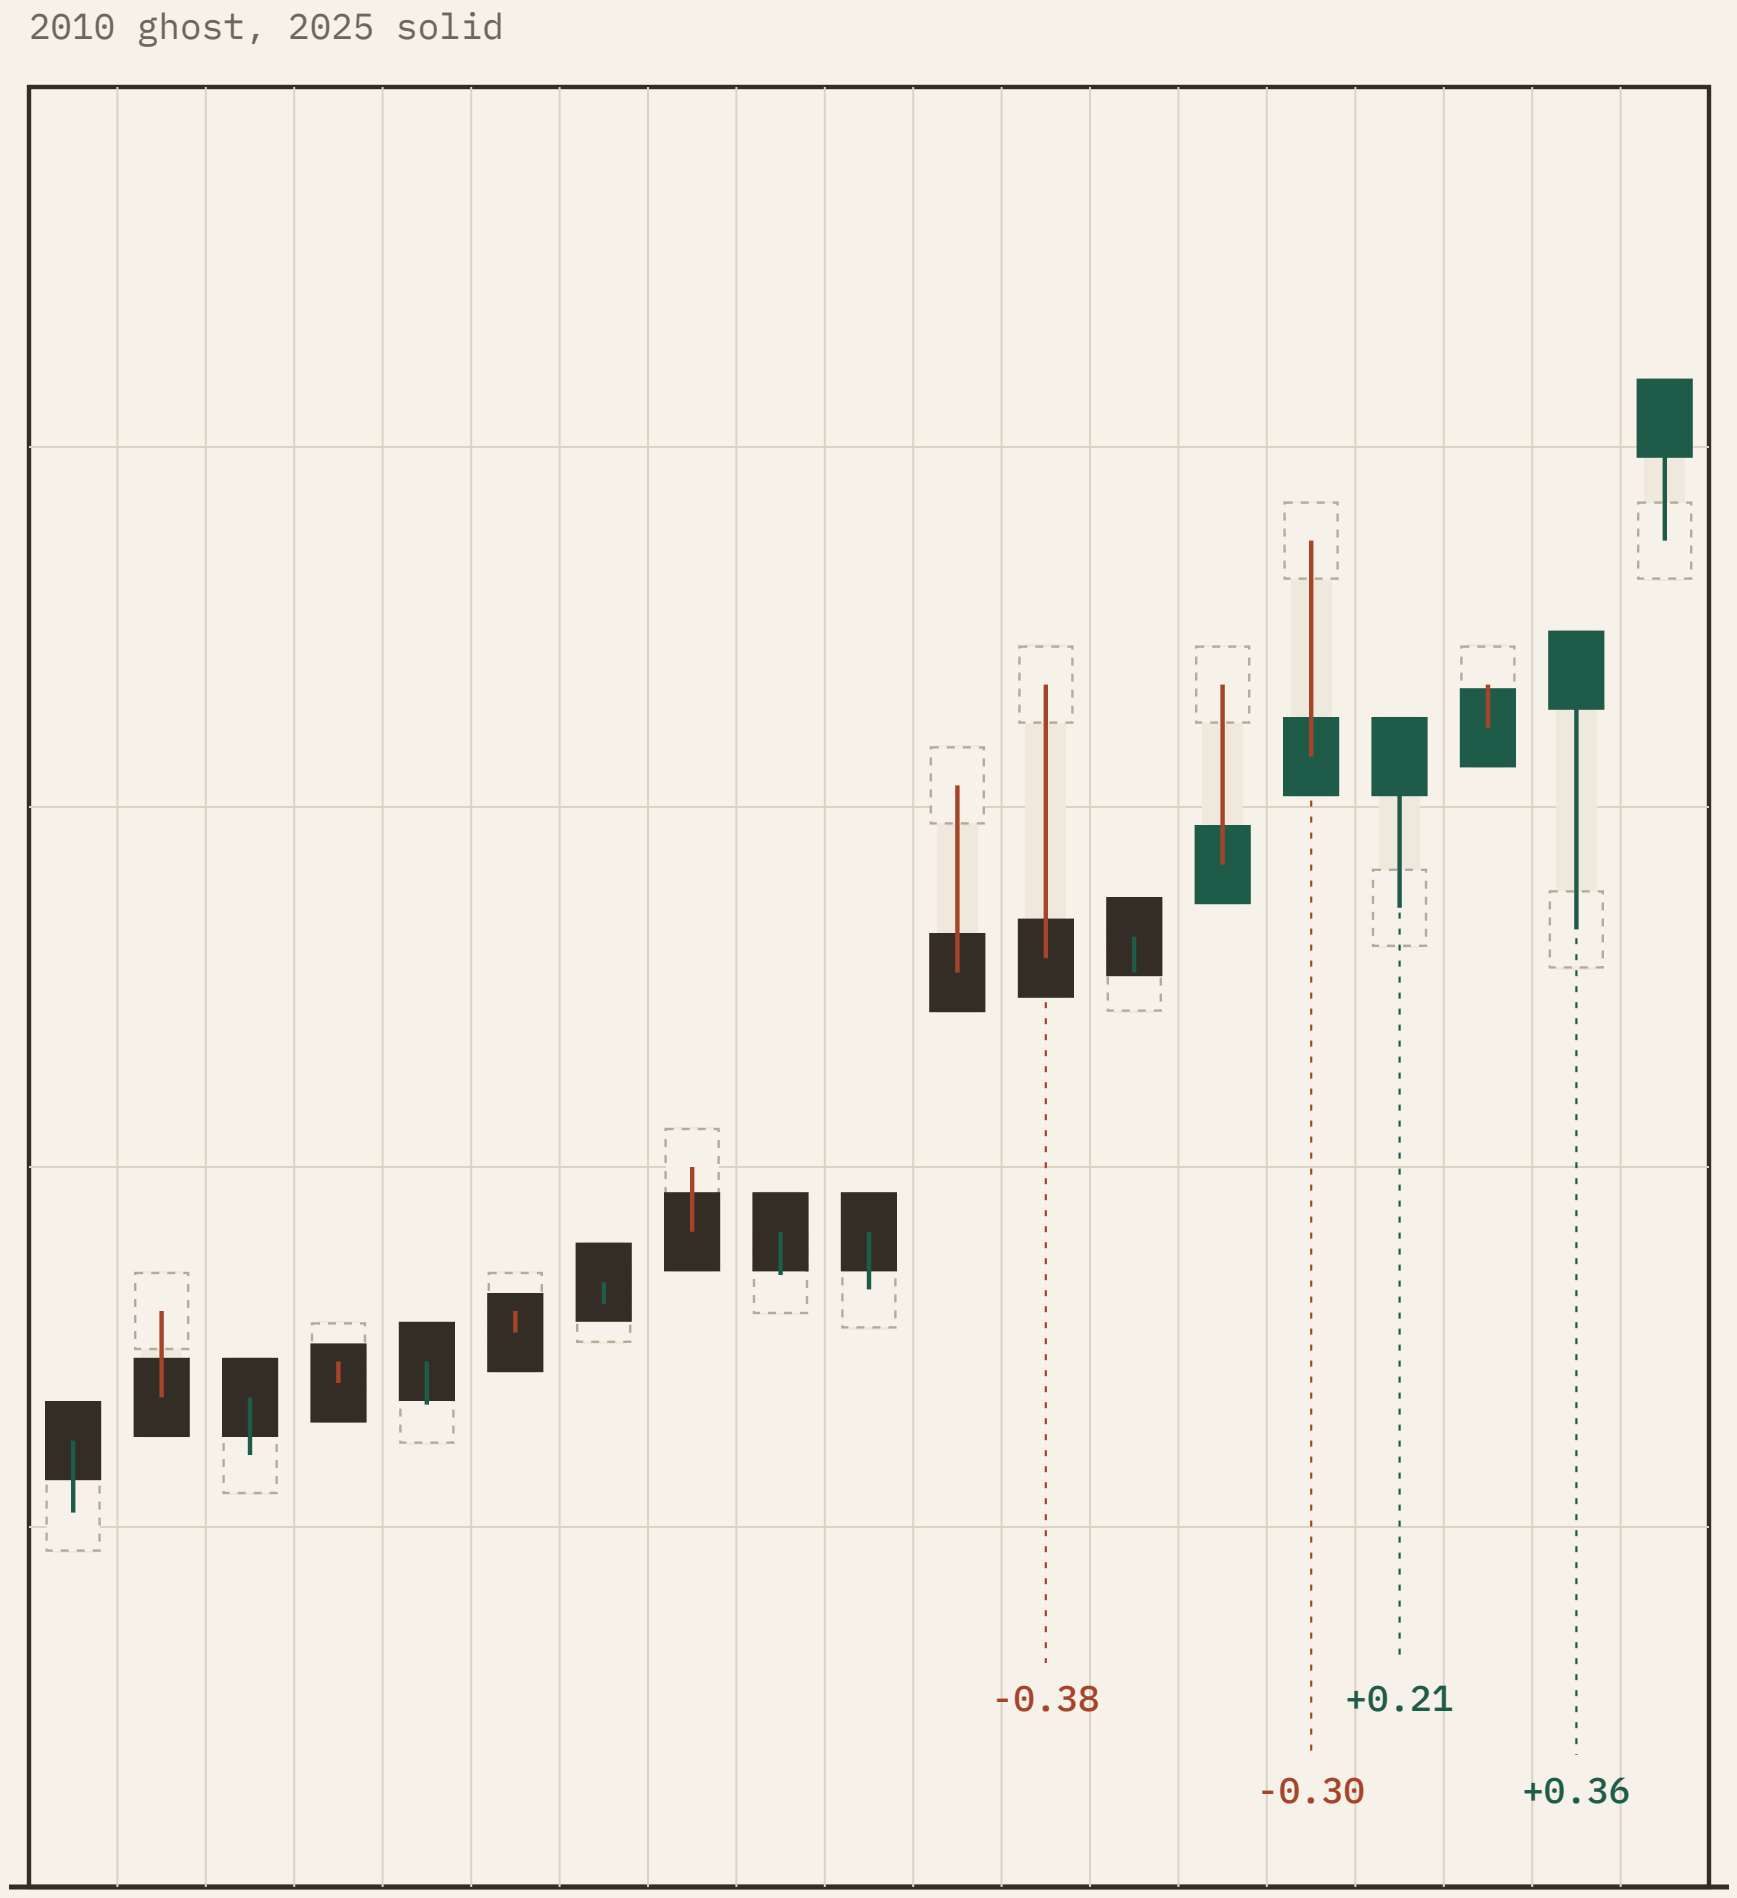

Ratio of the best-paid to the worst-paid industry median, each year.

CAPTION BAND · BURNED IN AT DELIVERY

The walls are the spread. In 2020 they slam apart.

The public sector climbed. Resource and finance fell.

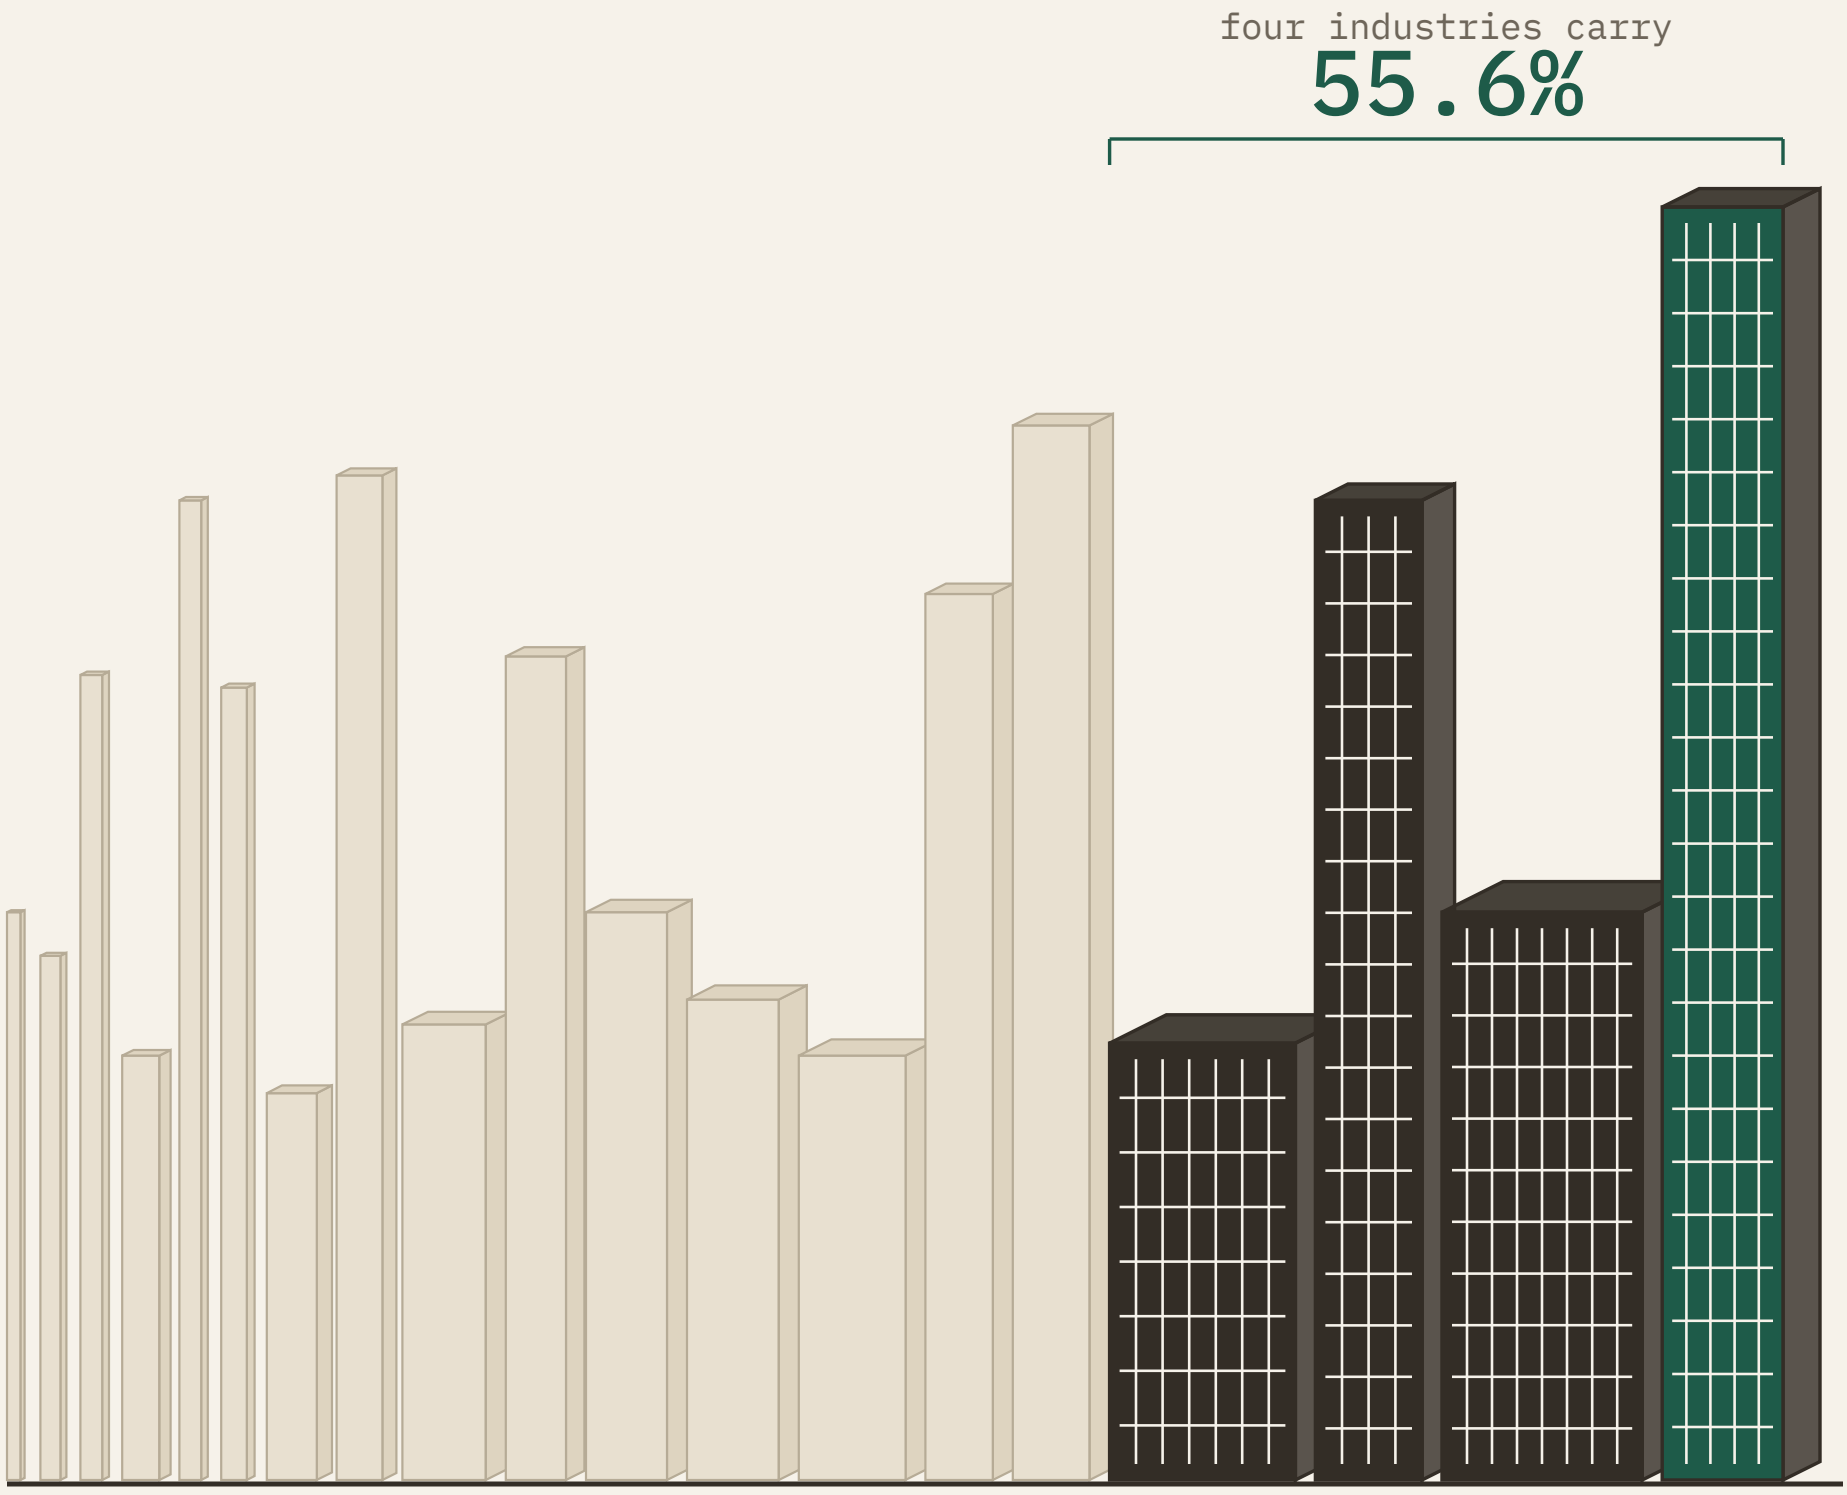

Median wage against the national median, same year. Ghost 2010, solid 2025.

CAPTION BAND · BURNED IN AT DELIVERY

Nineteen lift cars, one year counter.

Four industries carry more than half of it.

nineteen industries, smallest wage bill first

Footprint is share of employees, height is pay, volume is the wage bill.

CAPTION BAND · BURNED IN AT DELIVERY

Lights fill in proportion to each industry's share of the bill.

Where pay is lowest, the average sits furthest above the typical wage.

Agriculture	Public admin
median 1,813	median 4,625
mean 2,575	mean 4,838

the gap is how far the average sits above the typical wage

Mean and median monthly wage, DOSM 2025. Agriculture 1.42×, public administration 1.05×.

CAPTION BAND · BURNED IN AT DELIVERY

The lift stops at the median, then continues to the mean.
